

VICTORIA
ANNEX

connected to everything.

connected to history.

Proudly located in one of Collingwood's most sought-after neighbourhoods, Victoria Annex will unveil just nineteen superlative residences where yesterday welcomes tomorrow. You will discover Victoria Annex tucked away close to Collingwood's vibrant and charming downtown core near all the shops, restaurants, and excitement that you crave. The heritage property at 400 Maple Street is anchored by an architecturally impressive brick building built in 1894, as an annex to the since removed Central/Victoria Public School. This historic building will undergo a remarkable transformation into two iconic semi-detached homes elegantly appointed with features and finishes as timeless as Georgian Bay. Next-door, an impressive new coach house featuring three inspirational suites, all nestled amongst additional new luxury single and semi-detached homes.

Victoria Annex by Georgian Communities will pay homage to the heritage and charm of downtown Collingwood. Where life is refined but unspoiled.

connected to blue.

connected to recreation.

You want an adventurous life. Collingwood is a bustling harbourfront community well known for its many recreational activities, and at any time of the year is a nature lover's paradise. Collingwood acts as the gateway to the Southern Georgian Bay region with local gems waiting to be explored. The Blue Mountains, Ontario's four-season recreational capital, provides a landscape for snow sports, cycling, boating, swimming, hiking, golf, and so much more. Just minutes away, Blue Mountain Village is a premiere destination at the foot of the Niagara Escarpment. A cobblestone pedestrian village offering an incredible retreat with numerous events and attractions awaits. A short drive away you will find fourteen kilometres of sandy coastline at Wasaga Beach, home to the world's longest freshwater beach and one of Ontario's most unique coastal dune ecosystems. If you are searching for the serene, relax by the countryside and enjoy an afternoon of wine or cider tasting. Whatever activity you are looking for to inspire you, Victoria Annex is the ideal community in which to find it.

connected to nature.

A multitude of interconnected trails are waiting just outside your door. Fulfill your mind and body as you explore over sixty kilometers of recreational trails. Throughout the towering trees and rolling hills of the region, you will discover a trail or cycling path leading to every major point of interest in the Town. This is part of Collingwood's remarkable active transportation network, increasing the health, wellness, and environmental impact of the Town with the goal of both easing road congestion and promoting a more livable community. Historically the focal point for the shipbuilding industry, the waterfront is now home to a scenic trail system that meanders through wetlands, parks, and an arboretum. Appreciate the views spanning over Georgian Bay, and on the other side the Niagara Escarpment a piece of living art, one of the world's natural wonders. The waterfront trails are connected to a myriad of other trails and bike routes in the Town of Collingwood, including the Georgian Trail. This thirty-four kilometre former Northern Railway route stretches to Meaford and has more than thirty access points, and a number of public beaches along the way. The Collingwood Trail system is truly remarkable.

connected to downtown.

Offering the ideal balance of city and small-town charm. With a thriving downtown core, only ninety minutes from Toronto, Collingwood holds a unique position as both a business leader and a recreational jewel. Home to an incredible array of culinary talent, a fantastic selection of unique restaurants, bars, craft breweries, coffee houses, and specialty food shops are all near Victoria Annex. Established in 2004, the Collingwood Downtown Farmer's Market runs every Saturday from Victoria Day weekend to Thanksgiving at the corner of Second and Pine Streets. Enjoy the best sights, scents, and tastes of Collingwood and support the local farmers and artisans. With no shortage of creativity, Downtown Collingwood presents an outdoor gallery of hand painted chairs created by artists of all ages and experiences, and several murals created by renowned artists to present a snapshot of Collingwood's past. When it comes to discovering a sense of belonging, Collingwood has a long history of spectacular year-round concerts, activities, events, and festivals. There is always something happening just a few minutes' walk from your Victoria Annex home.

connected to community.

Victoria Annex is centred on Maple Street, one of the most desirable “Tree Streets” neighbouring Collingwood’s downtown core. These streets are considered highly coveted for those seeking the perfect balance of “city” and solitude. Maple, Pine, Beech, and Cedar are not just a nod to the beautiful century-old trees that can be found lining the sidewalks and front yards of homes in the area. As legend has it, the lumbermen and tradesmen who built homes to the west side of Hurontario in the 1800’s named these streets to pay homage to the source of their bounty. Like all great communities, people are the heart and soul. As years pass, Collingwood continues to build upon its rich and storied history. Victoria Annex continues this tradition, looking to the future while respecting the lumbermen, the railway, the settlers, and later the shipyard; all of which helped determine the landscape for what Collingwood has become today. Now, the future residents of Victoria Annex will have the unique opportunity to come together, all with their own reasons for choosing this as their home, but all certainly seeking fulfillment.

connected to luxury.

Because style points count. Luxuriously appointed in its every facet, Victoria Annex is history made modern. Our timeless architectural finishes speak to the strong character of the heritage-designated 19th century schoolhouse that anchors our new community. You will experience true Collingwood historical appeal across the thoughtful selection of luxury single and semi-detached homes, coach house suites, and the incredibly special schoolhouse residences. From the heritage-inspired brick clad exteriors, expertly paired with James Hardie quality siding, you will find each unique residence is purposefully designed to provide a distinctive and refined streetscape. Each home, no matter the style, will be complimentary to its neighbour and remain consistent with the level of quality benefiting a community of this caliber. It's elegance in detailing that impresses, and at Victoria Annex, every architectural accent has been carefully considered. Once you have been welcomed inside, every home's standard features and finishes were chosen without compromise. Luxury vinyl floors throughout the main living area, glass showers, fine quartz countertops, and high-quality kitchen cabinets in a variety of finishes, styles, and colours to suit your impeccable tastes. Sophisticated, polished, durable, and full of character, Victoria Annex is timelessly inspiring, and represents the best of Collingwood's luxury and downtown convenience.

The School House is the keystone of Victoria Annex. It is the inspiration for everything, from the design to the community plan. The original historic school building will be restored and revitalized, blending contemporary elements with the original design. As such, the unique architecture is given the opportunity to shine once more. Brick detailing, arched windows with curved brick lintels, and grand entrances with historic inspired light fixtures all preserve the spirit of the original building. Inside, a harmonious blend of vintage-style fixtures and modern design results in a timelessly elegant residence. Soaring Victorian style ceilings. Bespoke kitchens with English-style prep tables and islands. Generous bedrooms with sophisticated colonial style trim and luxurious ensuites. Distinguished, luxurious, and entirely unique.

Discover the balance between grand design and welcoming comfort. A main floor primary bedroom features an ensuite with timeless fixtures and a frameless glass shower. Three second-floor bedrooms with upstairs laundry is endlessly convenient. But it is the sophisticated design that truly elevates The Brooke.

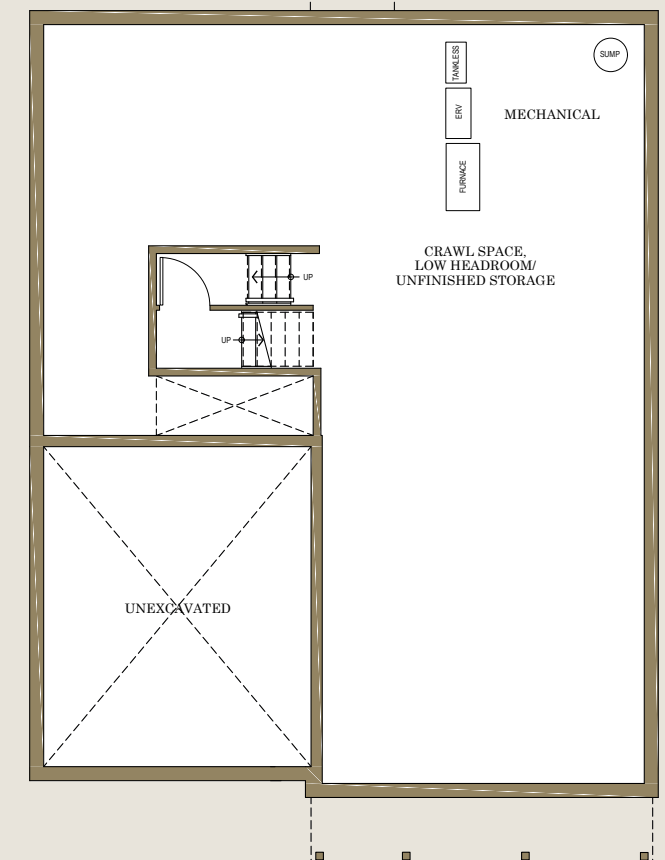

Soaring vaulted ceilings in the great room create an awe-inspiring architectural effect. A formal dining room cultivates a sense of sophistication. And of course, the timeless distinction of heritage-inspired brick exteriors accented with James Hardie siding.
